Dear Judge Sullivan:

The undersigned's firm represents¹ Scarangella & Sons, d/b/a Village Fuel ("Village Fuel") in the above matter. Village Fuel's Reply on the current briefing on the legal fee motion, after return of this matter from the Second Circuit, is due on Friday, February 28, 2014. Counsel for GHI has indicated that it consents to Village Fuel's request for a brief one-week extension of the Reply from February 28, 2014 to March 7, 2014. The Court had recently granted GHI's request for a one-week extension of GHI's opposition deadline, to which Village Fuel consented.

The two prior requests by Village Fuel on this briefing schedule and this request relate to the various time-consuming activities associated with the undersigned's separation from Quadrino Schwartz, P.C., the formation of a new firm, and the associated logistical, administrative, business, and client issues related thereto. Village Fuel thus respectfully makes this final request, for a one-extension, from February 28, 2014 to March 7, 2014.

The request is granted. The Court will not consider any further extensions from Village Fuel.

Respectfully submitted,

Quadrino Law Group, P.C.

SO ORDERED
